## Observation System & DIN Type Camera Extension Cables

Available in lengths from 65' to 328', these integrated six conductor cables are for extending DIN type cameras. These cables connect directly to older Security Labs 6 PIN DIN style Observation Systems. Each cable includes a coupler to connect to the existing cable

## Observation System & DIN Type Camera Extension Cables

**SLA9:** 50' audio-video-power-PIR six conductor DIN cable w/ extension coupler

**SLA11:** 131' audio-video-power-PIR six conductor DIN cable w/ extension coupler

**SLA13:** 328' audio-video-power-PIR six conductor DIN cable w/ extension coupler

**SLA11**  
131' DIN  
Camera Cable

**SLA13**  
328' DIN  
Camera Cable

## Coaxial Audio-Video-Power Cables

These 50' or 100' cables include couplers for connecting to existing wiring. A DC power cable runs the length of and has a 2.1mm jack on one end and a 2.1mm plug on the other. By using this integrated power cable, the camera power supply can be located at the end of the cable instead of at the camera location. High quality shielding, heavy insulation and molded plugs make these cables the installers choice.

## Audio-Video-Power Camera Cables

**SLA23:** 50' audio-video-power RCA to RCA camera cable w/ extension coupler

**SLA24:** 50' video-power RCA to RCA camera cable w/ extension coupler

**SLA23**  
50' RCA  
Camera Cable  
w/ audio-video-power

**SLA24**  
50' RCA  
Camera Cable  
w/ video-power

## SLA31, SLA32, SLA41, & SLA42 Camera Extension Cables

50' or 100' cable. Video BNC & 2.1mm power connector on each. SLA41 & SLA42 include an audio coaxial lead with RCA connections. Includes BNC barrel connector. SLA41 & 42 also include a RCA coupler.

**SLA42**  
100' BNC  
Camera Cable  
w/ audio-video-power  
Also available in  
50' (SLA41) and ivory color

**SLA32**  
100' BNC  
Camera Cable  
w/ video-power  
Also available in  
50' (SLA31) and ivory
